

Specialty MED Training Hosts 2-Day Advanced Aesthetic Course in Miami, FL

Aesthetic Expert Dr. Lisa Vuich Leads PDO Thread Master Class

MIAMI ([PRWEB](#)) May 22, 2019 -- [Lisa Vuich MD](#), founder and medical director of Renew Medispa in Windham, NH and clinical educator for [Specialty MED Training](#) is leading a 2-day master aesthetic training course called “The Art of Thread Lifting” on Saturday and Sunday, June 22-23, 2019 in Miami, Florida.

The medical aesthetic industry is one of the fastest growing markets and the demand for quality aesthetic training programs has never been higher. This master class, sponsored by [Hans Biomed](#), offers a unique opportunity for experienced injectors to considerably improve their skill level and by utilizing advanced combination treatments including barbed threads, platelet rich plasma (PRP), and dermal filler as a game-changer for non-surgical face lifting.

“Thread lifting is a true art. My goal is to provide an intensive, hands-on, guided experience designed to get participants very comfortable with advanced thread techniques so they can successfully utilize them in their practice.” said Dr. Lisa.

“This master course is intended for any skilled injector with or without prior thread lift experience, or someone who is already using threads but desires more one-on-one attention and instruction.”

In addition, attendees will get insight on how to choose the appropriate dermal filler, how to evaluate facial aging and plan treatment approaches, set expectations and create natural looking results. They will also gain a full understanding of the methods for combining injectables with PRP and MINT™ PDO threads, utilizing the micro-cannula technique for advanced areas including tear trough, lip, nose contouring, cheek and chin augmentation, pre-jowl sulcus, temples, and brow lifting.

The program is limited in size to enable hands-on directed training for participants.
